

REVENUE RAISERS PROPOSE
SWEEPING TAX INCREASES.

Here are the chief features of the \$8,000,000 Revenue Bill, now nearing completion, which will not be materially changed:

Incomes from \$5,000 to \$5,999,000 must pay from 3 to 70 per cent. Those above \$5,999,000 pay a surtax of 75 per cent.

Inheritances must pay a tax of from 6 to 25 per cent as the estates range from \$50,000 to \$10,000,000. Those above \$10,000,000 must pay 40 per cent. The tax is payable on all insurance policies above \$45,000.

Luxuries and near necessities are taxed from 10 to 20 per cent.

Automobiles must pay a tax of from \$10 to \$60 as the horse-power ranges from 23 to more than 40.

Gasoline is taxed 2 cents per gallon. Motor boats must pay a tax of \$10.

Pleasure yachts are taxed \$1 a foot up to 50 feet, and \$2 a foot when more than 100 feet long.

Existing low rates on tobacco, cigars and cigarettes are doubled.

Cigars must pay all the way from \$2 to \$20 a thousand, according to retail price.

The existing 10 per cent tax on all amusement admissions is doubled.

Theatres and entertainment halls must pay a largely increased license.

A manufacturers' tax of 10 per cent is imposed on soft drinks and a levy of 2 cents at soda fountains for each drink costing 10 cents.

Near beer and all fermented beverages containing less than one half of 1 per cent of alcohol are taxed ten cents a gallon, instead of 1 cent under the present law.

The tax on firearms is 25 per cent and 100 per cent on brass knuckles and bowie knives.

A 10 per cent stamp tax is levied on all proprietary medicines.

Cosmetics, perfumes and virtually all toilet articles must pay 1 cent in taxes for each 10 cents of value.

A maximum rate of 50 per cent will be imposed on war profits.

The tax on excess profits is fixed at from 10 to 40 per cent.

It is expected the tax rates on all liquors will be doubled, although no action has been taken on that scheduled of the bill.

—W.S.S.—

SAVE FERTILIZER BAGS

THEY ARE VALUABLE.

Burlap is growing scarce. It is therefore the patriotic duty of every Mississippi farmer to conserve the sacks on the farm by protecting them from the weather, mice and other deteriorating agents. Hang the bags in a safe, dry place until a sufficient number is collected to ball. Carefully fold them and tie into neat balls with wire, and market them immediately.

This is the suggestion of T. M. Patterson, Market Specialist of the Mississippi A. & M. College, who has just completed a tour of the state working among and aiding the farmers and county agents in marketing their products and other produce which is being put on the market at this time.

"One half of the Mississippi potato crop is now being shipped in second hand bags where formerly new bags were used exclusively," said Mr. Patterson. "The jute from which the burlap bags is made comes from India, he continued, and due to the shortage of ships it is almost impossible to get burlap from there. In addition to this transportation handicap the Government is now using burlap for war purposes in very large quantities and it is sorely needed by our troops and the troops of our allies."

"Over there" consequently it is the duty of every farmer in the state to do his part in meeting the demand for second hand bags by preserving them in the best possible condition and putting them on the market as soon as possible.

"Junk dealers are now taking anything in the way of sacks that the farmers will bring and paying good prices for them. Sacks which were worth eight cents before the war are now worth thirty cents."

"Indications now are that burlap will be a great deal scarcer next year than this and the present supply will have to meet the demand. This being true the more sacks the farmer conserves the more he will get for his produce next year."

—W.S.S.—

MANY LIKE THIS IN PASCAGOULA.

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Pascagoula. It is an easy matter to verify it. You cannot ask for better proof.

C. W. Ladinier, butcher, S. Pascagoula St., says: "I used to suffer a lot with my kidneys. My back became so lame and sore, I could just about keep up. This trouble came on by spells. Sharp pains darted through the small of my back and nearly made me double. The kidney secretions passed too freely and were highly colored at such times. Doan's Kidney Pills proved to be the best remedy for these annoyances. Doan's did me so much good the first time I took them that I have had but little trouble since. When I do notice any slight kidney disorders, I use Doan's and always receive excellent results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ladinier had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Attorney H. B. Everett and Mr. E. J. Jane spent Tuesday in Biloxi where they attended United States court.

human consumption shall be kept in a cleanly condition, well lighted and ventilated.

7. The owner or keeper of every hotel, restaurant, food-shop, soda fountain, etc., shall screen all doors, windows, and other openings with wire screen of not less than 16 meshes to the inch in such a manner to prevent the entrance of flies or mosquitoes.

8. All hotels, restaurants, food-shops, etc., must keep milk in a separate refrigerator from that used for meats, and ready-to-serve foods.

9. Fruit, bread, cake, pie, candy, etc., must be kept in separate glass or wire fly-proof screened enclosure.

10. Dishes, tableware and kitchen utensils must be thoroughly washed with soap and water, then rinsed in hot water of at least 150 degrees Fahrenheit.

11. In serving food or drinks all dishes, tableware and kitchen utensils must be handled in a sanitary manner.

12. No hotel, restaurant, or soda fountain shall serve milk bought from any dairy which does not hold a license from the local health authorities as provided for by the State Board of Health. The rules and regulations of the Mississippi State Board of Health shall be observed in regard to the sale of milk.

13. Meat markets are specifically included in all the regulations pertaining to the handling and selling of food.

14. A fish market is a meat market.

15. All implements, receptacles, and the clothing worn by persons handling meat shall be kept clean, and the clothing must be readily washable.

16. Sawdust, shavings, or other dust or filth collecting material must not be used on the floor of any meat market.

17. Each market proprietor shall be responsible for the quality of the meat handled in his market; hence he shall be held for the condition of the slaughterhouse out of which his meat comes, whether he owns such slaughterhouse or not.

18. Wagons used for transporting, delivering, or peddling meat shall be kept clean, fly-proof, and the meat therein protected from dust.

19. Soda fountains shall be conducted in a fly-proof screened enclosure.

20. The premises in which a soda fountain is conducted shall be kept in a clean condition. Straws, paper cups, etc., must not be thrown on the floor.

21. Glasses, spoons and other utensils used for more than one customer must be washed in a cleansing solution and rinsed in hot water of not less than 150 degrees Fahrenheit.

22. All water, syrups, fruits, and flavors must be pure and handled in a cleanly manner.

23. Straws, paper cups, etc., must be protected from dust and flies.

24. Slops and waste water from soda fountains must be handled in such a manner as not to become dangerous to the community.

25. All garbage from places of

human consumption shall be kept in a cleanly condition, well lighted and ventilated.

26. No person shall throw sweepings, trash or refuse of any sort into the streets, sidewalks or gutters, and occupants of premises shall keep the streets, sidewalks and gutters immediately in front of their premises cleared of all such trash and other accumulations and shall cause the same to be burned or buried, or kept in covered containers to be hauled away to be otherwise disposed of.

27. All persons handling food or drink for human consumption in any capacity must hold a certificate from the United States Public Health Service showing that they have received antityphoid immunization treatment.

28. It shall be unlawful for any person or persons to refuse to permit any person or officer authorized or employed by the City or any officer of the City to inspect the premises owned by or occupied by any such person or persons for the purpose of ascertaining sanitary conditions of such premises with reference to any of the things forbidden by this ordinance as long as the proposed inspection is reasonable, and in line of the authority of such person or officer.

29. Any violation of any of the provisions of this ordinance by any person shall be punishable by fine of not more than Twenty-Five (\$25.00) Dollars, and any continuation of any condition prohibited by this ordinance shall be a distinct offense for each day of such continuation, and such second or succeeding offense may be punished by imprisonment in addition to the fine above provided for, the time to be fixed by the Court not exceeding Thirty (30) days.

30. All ordinances or part of ordinances in conflict with this ordinance or the subject of which shall be covered and provided for by this ordinance are hereby repealed.

31. Be it further ordained that this ordinance because of its emergency for the protection of the public health take effect and be enforced from and after its passage.

V. P. DEJEAN, Mayor-Protem.
G. B. HAGUE, Clerk.

—W.S.S.—

The Sarrazin family, one of the first settlers of Pascagoula, is well represented in the army and navy.

Mr. Jules Sarrazin, brother of Mrs. (Dr.) J. A. Tabor reached the other side safe and sound and writes his sister that he is on his way to chase the Huns. Two other brothers are "somewhere" on the front.

—W.S.S.—

Our sister state Louisiana, is all excitement over the scarcity of field labor. Martin Turnbull suggests that the State raise a volunteer army from the colleges and saloons for a few weeks service during cane cutting season. This class of work would act as a healthful diversion and serve to lessen egotism. Honest toil improves the body and mind.

Mr. and Mrs. Walker Hein of Texas are visiting Mr. and Mrs. E. A. Colle.

SCHOOL NOTICE.

All Jackson county free public schools open first Monday in September, with the exception of Daisy Vestry, Woodrow Wilson of Wade, Lyon consolidated and Vancleave. These three schools back teaching and building force, and will begin operation as early as possible.

Big Point rural separate school district opens first Monday in September. Escatawpa rural separate school district begins operation on the ninth of September.

Jackson county free public rural school teachers will meet in the city of Pascagoula, Saturday, Aug. 31, for the purpose of receiving instruction regarding plans and operation of the schools for the scholastic year of 1919-20.

The regular fall examination will be held by county examiners, Prof. S. P. Walker and Mrs. Alice Hull, at the courthouse on the first four weeks of September. There will be given two days to stand examination. The following dates for colored applicants: Thirtieth and seventh of the first week, twentieth and twenty-first of the third week of September. The following dates for colored applicants: Thirtieth and seventh of the second week, twenty-seventh and twenty-eighth of the fourth week of September.

A. L. FLATTERY,
Co. Supt. of Education.

Mr. J. M. Goodwin, suburban district phone chief of the Cumberland Telephone & Telegraph Company, spent Saturday in Pascagoula inspecting the new work and various improvements being installed by the company in Pascagoula and Moss Point. Chief installer, Mr. Henry Ralph Mayer, with two assistants, Messrs. Oliver A. Beyer and Elmo S. Paris, are installing two new positions on the switch board in the Pascagoula office, which has been enlarged to twice its original size. They are also remodeling all the switch boards already in use. The construction gang has been at work this week stringing cables on Pine street and Lake Avenue, and completing new work in other parts of the city.
